Dear Parents/Guardians,

Your son or daughter has registered a car to be driven daily to Assets High School. He/she has been informed of the responsibilities of driving and has reviewed behavior expectations as listed on the attached contract. Your student is also aware that loss of driving privileges may occur if any contract items are violated.

Your support is critical to reinforce the necessity for clearly establishing guidelines to ensure the safety of your student as well as the safety of the residents and traffic in the area. If you have any questions or comments about those guidelines, please let us know.

In addition, written approval for students who might be riding with your son or daughter to and from school is required. With that understanding, parent, student and school will have a shared expectation for behavior.

We appreciate your assistance in keeping our campus safe and students responsible for their actions.

Sincerely,

Susan Travis
Principal
