

Board Spotlight: The Job of the Board of Trustees

The Board of Trustees (BOT) is comprised of 24 individuals, some of whom are current parents with children enrolled at Assets, alumni parents, civic leaders and business leaders. The board sets the mission of the school, authorizes the annual operating budget, sets tuition, and hires the head of school (HOS). The BOT has only one employee, the HOS, and the HOS is responsible for the day-to-day operation of the school, employing everyone working at the school.

The primary responsibilities of the BOT include:

- Actively supporting and promoting the school's mission and the HOS.
- Participating in and contributing to all fundraising campaigns, including the annual fund and capital campaign.
- Serving on at least one BOT committee. BOT committees include: Marketing, Development, Finance, Facilities, and Nominating.
- Serving as a sounding board for the HOS, providing the HOS with the benefit of their wisdom and experience.

All BOT members are volunteers who actively give of their time, expertise and money to assure that Assets School remains strong and vibrant. We can't thank the BOT enough for their personal commitments to our fine school.
